

## Homework 2

You are provided with a PDF copy of a the IEEE Spectrum Magazine, August 2014. Select 3 articles to read them and select examples.

In your homework write down the names of the articles that you selected. Then, you need to find examples from the topics that we covered in chapter 2 of the text books. We need one example from each article. Specifically, you need to select examples for the following topics:

1. Using commas
2. Using "Which"
3. Using "That"
4. Using semicolons
5. Using colons
6. Using Parentheses to insert extra explanation
7. Using dashes
8. Using hyphens
9. Using quotation marks
10. Using parallelism
11. Using abbreviations
12. Using numbers inside the text of the articles

Put your answer in the form of tables like the following example:

1- Using commas:

Article 1	Page: 45	<i>Write example 1 here</i>
Article 2	Page: 60	<i>Write example 2 here</i>
Article 3	Page 85	<i>Write example 3 here</i>

2- Using "Which":

Article 1	Page: 46	<i>Write example 1 here</i>
Article 2	Page: 59	<i>Write example 2 here</i>
Article 3	Page 84	<i>Write example 3 here</i>

And continue the 12 points similarly.

Submission by email ([techwritework@gmail.com](mailto:techwritework@gmail.com)). Deadline is next week Thursday November 20, 2014, midnight.
